Effective Date for Smart Savers Dividend Rates: _____

Deposit Account Disclosure & Limitations

Par Value:

The par value of a regular share in this credit union is \$25.00, and one share must always remain in the account to remain a member.

Dividend Rate Information:

The dividend rate and annual percentage yield (APY) for all accounts except the Smart Savers Account may change quarterly at the discretion of the Board of Directors of the credit union. The dividend rate and APY on the Smart Savers Account may change monthly at the discretion of the Board of Directors. Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period. The dividend rate and Annual Percentage Yield are the prospective rates and yield based on last period declared dividend.

Compounding & Credit:

Dividends will be compounded as disclosed above and credited on the last day in the dividend period. The dividend period for all accounts except Smart Savers is quarterly beginning on the first calendar day of the quarter and ending on the last calendar day of the quarter. For example, the beginning date of the first dividend period of the calendar year is January 1, and the ending date of such dividend period is March 31. The dividend declaration date for all accounts except Smart Savers follows the ending date of a dividend period. The dividend declaration date for the Smart Savers Account will be the third Friday of each month. Your withdrawal of funds may affect your APY.

Accrual of Dividends & Interest:

Dividends and Interest will begin to accrue on the business day you deposit cash or noncash items (e.g. checks) to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

Balance Information:

The minimum balance requirement to open each account is disclosed above. Dividends are computed by applying a periodic rate to the average balance in the account for the period. Average Daily Balance Method is calculated by adding the balance in the account for each day of the period, and dividing the sum by the number of days in the period. You must maintain the balance disclosed in the "Average Daily Balance Requirement" section to obtain the disclosed APY.

Excessive Withdrawal:

Six (6) cash or check withdrawals are allowed per quarter from regular shares (savings). A \$2.00 fee will be assessed for each withdrawal over this limit. Withdrawals from the Smart Savers Account are limited to two (2) cash or check withdrawals per month. A \$5.00 fee will be assessed for each withdrawal over the limit. There are no limits on withdrawals from share draft (checking) accounts.

Transaction Limitations:

In a month you may not make more than six (6) withdrawals or transfers to another account or to third parties by preauthorized or automatic transfer, or telephone transfer. No more than (3) of the six (6) transfers may be made by check, draft or debit card. If you exceed these transfer limitations, your account may be subject to a fee or closure.
